

## **District Pesticide Application Notification**

At times the district will have to result in spraying pesticides to maintain grounds, fields and buildings. Any person, staff or parent of a student wanting to be notified prior to application of pesticides may contact the maintenance department at any time throughout the school year to be put on a notification list kept in the maintenance office.

This list is kept for one school year and then listees would have to notify district every year after if they want to stay on the notification list. To be put on the notification list contact the maintenance department at 717-838-3496 and provide the following information.

The Palmyra Area School District values the health and safety of all students, staff and residents.
